

100,000 AMERICANS ON JAP SOIL TONIGHT

Salem Girl Killed, Six Others Injured In Traffic Accident

FLY FIRST PLANE FROM JAPAN

Bringing in the first plane to fly direct from Japan to the U. S., Col. John H. Lackey, Norfolk, Va. (left) is shown here at Fairfield, Calif., with Capt. Charles Russhorn, New York, and Lt. Ben Reyes, San Francisco. Carrying photographs showing the damage wrought on Japan cities, the fliers took off from Atsugi airfield, making brief stops at Okinawa, Kwajalein and Honolulu. They were also the first to land at Atsugi to prepare the airfield for MacArthur.

AUTOS COLLIDE ON ALBANY RD.

Helen Messinger, 13, Dead; Others Treated At Hospital, Released

A Salem girl was killed and six other persons injured in a two-car collision at the intersection of Routes 62 and 165, three miles north of Salem, at 2:30 a. m. Sunday.

Helen Louise Messinger, 13, daughter of Mr. and Mrs. William Charles Messinger of Prospect st. extension, died at Salem City hospital an hour after the mishap as a result of a fractured skull.

Injured in the crash were: Raymond Kaltenbaugh, 34, of Poland, who suffered severe lacerations of the face, head and legs.

Jesse Kaltenbaugh, 33, of Poland, who received injuries to back and hips.

Guy Edmundson, 51, also of Poland, who suffered severe lacerations of the head and knees.

Donald Anderson, 17, 228 W. State st., injuries to the right side.

Cecil Chamberlain, Jr., 17, R. D. 1, Lisbon, back injury.

Donna Anderson, 15, of 228 W. State st., lacerations of the head and knees.

Car Is Hit Broadside

The car in which the Messinger girl and the other three youngsters were riding was driven by Donald Anderson. Raymond Kaltenbaugh was driving the second car, which carried the other two injured men.

All were taken to Salem City hospital and were released early Sunday, state highway patrolmen said.

It was believed that the Anderson car was struck broadside by Kaltenbaugh's as Anderson pulled onto Route 62 from Route 165. The car in which the youngsters rode turned over several times after the crash.

Coroner Ernest Sturgis scheduled an inquest here today.

Surviving, besides the parents of the girl, are a brother, Charles William, and two sisters, Barbara Belle and Kathleen Kay.

Funeral service will be held at the Stark Memorial at 2 p. m. Wednesday. Burial will be in Hope cemetery.

Friends may call at the Memorial home this evening.

Holiday Traffic Heavy; 60,000 At Canfield Fair

Blessed with a three day weekend, Salemites—like people all over America—showed they hadn't forgotten how to enjoy a peacetime holiday in the old style.

Traffic flowed through Salem unimpeded Saturday, slowed up Sunday and began jamming the streets again late yesterday.

Police Chief Ralph Stoffer said the stream of cars through Salem was heavy—bringing back memories of Labor days before the war—but said it did not reach former proportions.

He congratulated Salemites on their cooperation in keeping the main business section clear of local traffic. An unofficial check revealed that better than 90 per cent of the traffic on the E. State st. section was out-of-town and out-of-state.

60,000 At Canfield Fair

Symbolic of the day's turnout all over the country yesterday, were some 60,000 people who passed through the gates at the Mahoning county fair at Canfield.

The crowd there—which included many Columbiana county people—was the largest ever recorded in one day and nearly surpassed the total figure posted during the fairs in 1942 and 43.

The total attendance at the fair this year was slightly over 100,000.

The annual Salem Golf club dance at the club was an attraction Saturday evening. Shy Lockson and his orchestra furnished the music.

Golfers had their annual Labor day outing at the club, also, as the course was reported crowded Saturday, Sunday and Monday. A flag tournament featured play yesterday.

Unusually large attendance at the Salem Country club was evident over the weekend, although chilly weather cut down on swimming activities somewhat. A dance

or the club's youngsters held last evening was well attended.

Sports Fans Turn Out

A throng of nearly 1,000 sports-minded fans spent Sunday afternoon at Centennial park, watching the Salem Athletics chalk up their ninth win in a row, 8-4, over a Negro Alliance Athenian club outfit.

Some Salemites traveled to Poland Sunday afternoon where the Salem Polo club outplayed Poland, 11-9, to win their first match of the year.

Sunday, being V-J day by proclamation of President Truman Saturday night, was spent as a day of thanksgiving and prayer in the local churches. Most churches made special mention of the event in their regular Sunday worship and some devoted the entire program to the observance.

Co-Owner Pickets Shop: He Wants More Money

DETROIT, Sept. 4.—There were five pickets in front of the Aero Pattern & Engineering Co. in Grand River avenue today and one of them was Charles Burg, co-owner of the firm.

"I had to do it," he explained. "I'm a member of the Pattern Makers association (AFL) and I received a card instructing me to report for picket duty."

He added, however:

"I would have started picketing the shop anyway. I want more money like my men; they get between \$2.25 and \$2.45 an hour while I'm getting \$15 a week. That's because they get all our money."

The shop employs about 20 men.

Motorist Cut As His Car Hits Pole On W. State St.

Vestie Ashburn of Niles was treated for a cut lip and injuries of the mouth at the Central clinic at 5:35 a. m. today after his car veered on W. State and struck a utility pole in front of the Hine Motor Co. garage.

Ashburn told police he put on the brakes of his car and it swerved off the right side of the road, striking the pole, which carried Ohio Edison and Ohio Bell Telephone wires.

Salem Youngsters Leave For Pre-Induction Exam

A small group of pre-induction selectees left Salem early today by bus for Cleveland for their examinations preparatory to induction into the armed forces.

The group, composed entirely of 18 and 19-year old youngsters, is the first to leave Salem since hostilities with Japan ceased.

An induction group, also all 18 and 19, is to leave Salem for Cleveland tomorrow morning. The contingent will meet at the Pennsylvania depot at 9 a. m. draft board officials said.

BRITISH SHIPS AT SINGAPORE

Occupation Forces Ready To Take Over Naval Base From Japs

(By Associated Press)

KANDY, Ceylon, Sept. 4.—British warships rode at anchor in the harbor of Singapore today for the first time in more than 3 1/2 years, and word was expected here momentarily that occupation forces had landed to take over the once mighty naval base from the surrendering Japanese.

Triumphant entry of the British vessels was announced last night by the Southeast Asia command, which said landing forces would go ashore as soon as preliminary arrangements had been completed.

Leading the squadron into the bay was the cruiser Cleopatra, flying the flag of Admiral Sir Arthur Power, commander of the East Indies station. She was accompanied by light fleet units, including a flotilla of minesweepers.

Additional naval vessels are expected to arrive in Singapore today under Rear Adm. C. S. Holland, who has been named commander of the naval occupying force. The commander of the army occupying force is aboard the Sussex.

A Singapore, one of the great outlying bastions of the British empire, has been in Japanese hands since Feb. 15, 1942, when Gen. Sir Arthur Percival surrendered his garrison to the forces of Gen. Tomoyuki Yamashita.

Admit 200,000 Women, Children Slain

HAD OEYNSHAUSEN, Germany, Sept. 4.—The French war crimes commission arrested two S. S. women guards of the notorious Ravensbruck concentration camp today and heard from them that 200,000 women and children were slain there during the war.

The camp was northeast of Berlin. Officials said the women told calmly of the camp's methods. Feeble inmates were made to stand in water to their necks for 24 hours. The captives were quoted as saying many bodies were taken daily from the "pool of death." Thousands of French girls were sent to the camp.

RECONVERSION CONGRESS AT WORK TODAY

5 Administration - Tagged "Must" Proposals Face Peacetime Session

WASHINGTON, Sept. 4.—President Truman has drafted a comprehensive message for delivery to congress this week, the White House said today, and later will submit his views on disposition of the atomic bomb in a separate communication.

WASHINGTON, Sept. 4.—Congress starts its first peacetime session in almost four years tomorrow. It will be the "reconversion congress" as distinguished from the war congresses that have been in almost continuous session since late in 1941.

Facing the lawmakers returning from vacations cut short by war's end will be five administration-tagged "must" proposals dealing with:

1. Jobs for everyone willing and able to work. Congressional committees have been grappling with this one—the so-called "full employment bill"—for some time. They hope to work out a plan of cooperation between government, labor, industry and agriculture to create work for the millions idle or facing idleness because of the shutdown of war industries.

2. Unemployment compensation. Senate and house committees are working on proposals to pay as much as \$25 weekly for 26 weeks to workers unable to find jobs. The administration is behind the plan, but congress is cooling off on it.

3. Surplus property disposal. A bill to substitute a single administrator for the three-man board now in charge of getting rid of war-borne surpluses will be ready for the action next week.

Major Fight Over Draft

4. Reorganization of executive agencies. Mr. Truman wants authority to abolish or merge many agencies. The house expenditures committee starts hearings today on the proposal. But committee sentiment favors limiting the president's reorganization power and exempting such agencies as the Interstate Commerce Commission, the general accounting office and the Federal Communications Commission.

5. Termination of wartime controls and laws. Many emergency acts are nearing expiration and congress must decide which to retain. Prospects are the second war powers act, from which rationing and priorities stem, will be kept on the statute books.

There will be no legislative business ready for either branch before next week.

A major fight is shaping up over the draft law. Many members want all inductions stopped at once. Hoffman (R-Mich.) has announced he will introduce a bill to kill the draft as soon as the house assembles at noon tomorrow.

Committee members are not inclined to extend the draft in any event beyond next May 5.

Mrs. Hagan, 2 Girls Hurt In Auto Crash

Mrs. Thomas Hagan and daughters, Eileen, 18, and Geraldine, 11, of 460 Ohio ave. were injured at 11:30 a. m. Sunday in an auto accident on Steffen hill in Beaver Falls, Pa.

Mrs. Hagan suffered body bruises, a broken right knee cap and ankle and lacerations of the face. Eileen was injured in the mouth and suffered a bruised leg.

The youngest daughter received a broken nose and was weakened by loss of blood. She is in Central clinic here, where her condition is said to be improved.

Mrs. Hagan lost control of the car as she went down the hill, crashing into another car. The other driver was not injured. Front sections of both cars were demolished.

13 Infantile Paralysis Cases Swell Ohio List

COLUMBUS, Sept. 4.—Thirteen new cases of infantile paralysis were reported to the state health department over the Labor day weekend, bringing to 196 the total for this year.

A total of 594 cases were recorded for the corresponding period last year.

Quartets Plan Contest

Quartets in subordinate granges in Columbiana county will hold a contest at 8:30 p. m. Saturday in Mt. Nebo grange hall on the Lisbon rd. This program is open to the public.

Striking Foremen Close Six Goodrich Co. Plants

AKRON, Sept. 4.—Production at the six plants of the B. F. Goodrich Co. virtually was at a standstill today as a majority of rubber workers observed a picket-line set up by striking foremen.

A company spokesman said that less than 25 per cent of the concern's 15,000 production workers entered the plants.

John N. Sweet, president of the local branch of the Foreman's Association of America, said the union planned to close down the plant "until we get our grievances settled with the company once and for all."

FIRST AID FOR WAR CAMP VICTIM

EMERGENCY MEDICAL ATTENTION is given one of the thousands of the starving and horror-worn prisoners in a Japanese camp by Capt. William Wellborn of Elkins, N. C. The victim of three years of torture collapsed outside Yokohama. Signal Corps photo. (International Soundphoto.)

Patients In Serious Condition

YOKOHAMA, Sept. 4.—Americans freed from the hell-holes of Japan told their stories of starvation, brutality and torture directly today to Lt. Gen. Robert L. Eichelberger, commanding Eighth Army occupation forces—and names of Japanese responsible were added to a crowing war-crime list.

The navy simultaneously sent a hospital ship, four transports, a cruiser and four rescue destroyers to Hamamatsu, 120 miles southwest of Tokyo, to evacuate other hundreds of Allied prisoners. These ships earlier had helped evacuate approximately 1,500 from the Tokyo area.

Due this afternoon were 462 others being brought to Yokohama from the Ashio prison camp, and plans were rushed for release of 3,000 more at Niigata, a west coast port. In northern Honshu and northernmost Hokkaido an estimated 11,500 await liberation.

Eighty per cent of the 2,000 already examined here are in "serious" condition, medical officers said.

Carrier planes of the U. S. Third fleet searched Japan for others, and spotted 60 excited prisoners waving wildly from a camp at Hikone village, 50 miles west of Nagoya.

36,000 Allied Prisoners

Adm. Sir Bruce Fraser, commanding the British Pacific fleet, also was checking lists of his own captured nationals and reported approximately 39,100 British commonwealth internees in camps within his jurisdiction.

Including 8,000 Americans, there are an estimated 36,000 Allied prisoners in Japan.

Gen. Eichelberger and two officers of the general headquarters war crimes branch listened with shocked gravity to stories of the prisoners they interviewed today aboard the hospital ship Benevolence.

Virtually all the patients were suffering from extreme malnutrition and other complications—beriberi, dysentery, malaria, tuberculosis, and various fevers. All had been denied medical attention until now.

Military inquiry teams meanwhile redoubled their efforts to complete lists of war criminals, while medical men promised the liberated Americans the speediest possible return to their homes.

It's All Finished

KURE, Japan, Sept. 4.—"It's all finished. It is good."

With these words, Vice Adm. Masao Kanazawa, commander of what was once Japan's greatest naval base here, heartily, smilingly greeted a party of news correspondents—the first non-Japanese to reach battered Kure on southwest Honshu.

"Now we can play tennis together again," he added.

Kanazawa was the Japanese naval spokesman through 1939, and later naval attaché to the Nanking puppet government.

The admiral said about half the sailors at Kure already had been demobilized and sent home. He estimated Japan had about 10,000 kamikaze or suicide pilots left when the war ended, but "you know all our pilots are potential kamikazes," he continued.

The Japanese people "went into this war on orders and stopped fighting on orders," he remarked. "The reason for the latter orders is something I don't understand—a matter of higher policy."

11,000 Vehicles Go Over Bridge At Sandusky Bay

SANDUSKY, Sept. 4.—Labor day traffic over the Sandusky Bay bridge approximated a pre-war peak, officials of the Sandusky Bay Bridge Co. reported today.

Officials said approximately 11,000 vehicles passed over the bridge yesterday, compared with 4,477 vehicles the same day last year.

On Labor day, 1941, a total of 12,368 vehicles were checked over the bridge.

FIRST ENTRY INTO TOKYO DUE FRIDAY

MacArthur Grants Armies Right To Requisition Anything Needed

(By Associated Press)

YOKOHAMA, Sept. 4.—New landings today expanded American occupation forces' powerful grip on the Tokyo area, and Gen. MacArthur, in a general order, gave his armies authority to requisition anything they need in Japan.

First occupation of Tokyo itself, scheduled for Friday, is to be outlined in detail at a meeting of the Japanese First Army command with Lt. Gen. Robert L. Eichelberger, American Eighth Army commander, at Yokohama Wednesday.

MacArthur instructed the Japanese to turn all existing prisoner of war camps over to the highest ranking officer interned in each, and gave him authority to demand of the Japanese whatever food and medical care is necessary for his camp.

The initial Tokyo occupation force will number only 3,350, said the Japanese government communique announcing the entry was scheduled Friday (Thursday night, U. S. time).

The communique said policemen would be detailed to maintain law and order in all areas of occupation; government organs and public organizations would continue to function as usual, and all negotiations between American forces and Japanese authorities would be conducted by liaison officials.

New Landings

Preceding the occupation of Tokyo, Gen. MacArthur's troops were to half-encircle the capital with new landings today, while 120 miles southwest naval forces landed at Hamamatsu and other landings were being made at Takuso, port city of Kyushu island, 600 miles southwest of Tokyo, and at Kanoya airfield, also on Kyushu.

By nightfall, nearly 100,000 Americans were scheduled to be on Japanese soil—with four times that many due to be landed during the month for a total of a half-million.

The imperial diet held its first session under foreign surveillance. Emperor Hirohito attended the brief meeting in the house of peers.

Radio Tokyo also reported 20,000 American troops were landing today at the Tachikawa army air base, northwest of Tokyo.

Troops of Lt. Gen. Robert L. Eichelberger's Eighth Army already had crossed the Tama river, Tokyo's south boundary.

They took over four more airfields yesterday, one of them, Chofu, only two miles from Tokyo.

SALEM'S SCHOOLS OPEN WEDNESDAY

Salem's youngsters return to their learning ways tomorrow as public and parochial school classes reconvene for the 1945-46 term.

School principals met this morning with Supt. E. S. Kerr in the High school building and all principals held teacher-meetings with their staffs later to complete opening arrangements.

Principal B. G. Ludwig of the High school said 22 new High school students had registered to begin classes tomorrow and indicated that a few more were expected then.

Freshmen were to meet at the High school building at 1:15 this afternoon to go through the building and their class schedules.

All schools will observe half-day schedules tomorrow, giving teachers the afternoon for further meetings and preparation of text-books, supplies and class assignments.

Supt. E. S. Kerr said an expected increase in enrollment was anticipated in the first grades and in the High school.

Parochial school officials said approximately 250 students have registered so far for the grades there, one through eight. This is an increase over the 1944 opening.

Navy Nurses Decorated By Both Army and Navy

WASHINGTON, Sept. 4.—Eleven navy nurses—who continued their work during the first rain of bombs by the Japanese in the Philippines and through 37 months of imprisonment—were decorated today by both the army and navy.

They were awarded the army's Bronze Star Medal and navy's Gold Star instead of a second Bronze Star for meritorious service.

Surrender

The United States has earned with blood, toil, sweat and tears the right to dictate terms of surrender to Japan. It is a momentous occasion in the rise and fall of national destinies. Japan's star is sinking. The destiny of America never seemed brighter. But we can't count too much on surrender.

We possess the world's largest and best air force, the most efficient army and the most powerful navy. We have demonstrated an industrial potential beyond our own imaginations—a potential so enormous that even in a two-front war we did not use all of it.

The United States has conquered everything in its path; Japan is only the latest in a series of triumphs. Industrially and militarily, we are without peer. But at the peak of the nation's power, there is something more important to think about than military triumph. Victory calls for more than that.

The surrender of a nation's arms is not necessarily conclusive. That is why we cannot be sure we actually have defeated Japan. Neither can we be sure that Germany has surrendered anything more than it surrendered in 1918. The ultimate surrender must be of ideas—of hostile policies—of wrong ambitions.

It is obvious that with the United States so strong, no other nation is going to affront it with an act of open hostility; that would be stupid. If the United States continues to be strong, there will be no more taunting challenges like those issued by Germany, Italy and Japan.

But that wouldn't mean the would-be taunters had changed their tune. There are more ways of carrying out national policy than through aggressive warfare. That method is probably out of the question for years to come, perhaps forever. But pressure just short of aggression may accomplish some of the same purposes.

The United States will need to double its guard against deceit, to be alert for protestations of democracy that conceal the practices of fascism and force and to be watchful for courteous words that distract attention from acts of overt hostility. Surrender has not marked the end of the struggle to crush representative democracy; the struggle may continue, underground.

Don't Blame The People

President Truman's repetition of the absurd claim that the American people were partly to blame for national unpreparedness at Pearl Harbor is unworthy of his intelligence.

It is true that the people were not prepared for what happened. It is true that they did not instruct their State department, War department, Navy department and their chief executive to do what needed to be done.

But when did the people become responsible for national defense?

How could public opinion have crystallized on issues handled so secretly that even some important officials of the federal government were ignorant of the explosive possibilities? How could Joe Doakes, John Doe and their families know about the negotiations with Japan when the negotiations were confidential—and were to remain that way until the State department's publication of correspondence long after Pearl Harbor?

No, Mr. Truman, let's not blame the people for the sucker punch that America caught at Pearl Harbor. Let's blame the notion, rather, that affairs of state should be conducted beyond and above the people's knowledge. That was the source of the people's ignorance—the notion that the people can't be trusted with information about matters of their own life and death. Only to that extent can the people be blamed, or even asked to share the blame for Pearl Harbor. They should have raised a clamor against the under-the-table moves being made in their name by men who thought they knew all the answers and didn't.

The unresolved issue about Pearl Harbor—the only one that matters—is whether or not Gen. Short and Admiral Kimmel were unjustly given the bulk of the blame to preserve the prestige of someone else. Both men have asked for a chance to tell their side of the story—not the War department nor the Navy department side, but their side. No one is hunting for a scapegoat. The hunt is to try to find who, besides Gen. Short and Admiral Kimmel, shares responsibility for the 3,000 deaths at Pearl Harbor and the thousands more than followed because the United States was caught in an obvious trap baited with its own carelessness.

All Proposals Gratefully Received

An administrative recommendation that lend-lease balances should be written off is not binding on Congress. All other proposals will be gratefully received.

The fact is, however, that the disposal of lend-lease balances already has been determined; it is not an open question. Lend-lease cannot be repaid in money without committing its debtors to turn over everything they can make for a generation. It cannot be repaid in goods without flooding the American market with billions of dollars' worth of competitive commodities. The total of 43 billion dollars, minus a nominal 5% billion in reserve lend-lease, is chargeable to war consumption. As President Truman has suggested, it represents the cost of defeating the Axis and cannot be recovered from our Allies.

But this obvious conclusion ignores one tremendous fact—that the cost is going to be recovered from ourselves exclusively. As taxpayers we are going to pay the interest on the national debt and whatever retirement of principal may be possible in the post-war years. Lend-lease will be a continuous obligation in the United States for generations. Just as American taxpayers are paying—alone—for the unpaid debts

of World War I. If the debts of war cannot be paid by our allies, by what quirk of reasoning can they always be paid by the United States?

Bigger and Better

That fine old American institution, the county fair, is with us again and lifting of the restrictions with which it had to deal during the war days will bring to pass the perennial promise of "bigger and better".

The fair is much older than the United States but in its original form it was mainly a place for the display and sale of goods. It took the Americans to turn it into a public gathering place where townspeople and country folks meet because of a common interest.

It is typically American. It is farm and city enjoying a day off from the routine affairs of life and getting a lot of satisfaction out of seeing the fattest steers and the biggest pumpkins and the best display of home-canned goods.

It is a gathering place of the simple fundamentals of life, along with some of its chaff and tinsel. It is a cross section of Americana that the march of progress has been unable to leave behind and that sophistication has not discarded.

Aviation Anniversary

Those who have come to accept trans-continental air travel in a completely matter-of-fact manner are likely to find it difficult to realize that this particular phase of transportation is just now rounding out 25 years of operation.

Although it seems incredible that such advances could have been made within a quarter century, it is a fact that Sept 8 marks the 25th anniversary of the first scheduled air operation between the Atlantic and Pacific.

It was at 6:14 a. m. on Sept. 8, 1920, that the first such plane—a DeHavilland with 400 horsepower motors and carrying 400 pounds of mail—took off from Mineola, N. Y., on the first leg of the first such transcontinental journey. Planes carried the mail cargo by day, and trains by night. More than three days later, at 2:25 p. m. on Sept. 11, the mail plane landed at San Francisco. Less than six months later, on Feb. 22, 1921, the first demonstration of day and night flying of the transcontinental mail was made. A flight from San Francisco to New York was completed in 33 hours, 21 minutes.

Those achievements properly excited world-wide wonder at the time. Yet how puny they now seem compared with routine, present-day schedules.

Dozens of giant planes operate on daily trans-continental schedules with clock-like regularity in all except the most forbidding weather. The first transcontinental flight speed average of approximately 90 miles per hour has been boosted to around 200 mph. The aggregate mail loads of a single day often exceed the poundage of the first entire year. The operation has become one of the most exact of sciences. And, of course, transcontinental air passenger travel has become entirely routine.

Nor do any of these represent the ultimate in achievements.

On the contrary, the day may not be far distant when everyone will recognize that commercial aviation of today still was in its infancy. Immediately ahead is the promise of scheduled cross-continent flying in nine to 10 hours. And those who are considered conservatives—they are not classed as visionaries—predict that the time is not far distant when that time will be reduced very substantially. When one hears discussions of rocket-plane speeds of 1000, 1500 and 2000 miles per hour, no one knows what the future may hold.

Thus, Sept. 8 represents an important anniversary in the history of the nation's and the world's transportation. From that date, it might properly be said, aviation definitely began to prove itself the sure and swift messenger and servant of mankind.

Military Discharges For Farming Aren't Approved

Since the close of the war, many requests are coming from farmers in Columbiana county for help to obtain discharges of sons to help with farm work, according to County Agent Floyd Lower of Lisbon, secretary of the County USDA War board which handles these matters.

Discharges for farming cannot be obtained and efforts in that direction are a waste of time, Lower states. War department regulations specifically state that discharges will not be made for the sole purpose of engaging in agriculture or essential industry. No change in regulations has been received since the close of the war. The farm labor situation is very serious and many farms are in desperate need of help to maintain production.

Dairy Products Are Help In Getting School Lunch

School days present a lunch problem to every mother. Children must find their lunch ready when returning home, for the time available is limited. The food must be of a kind that will assimilate quickly and yet furnish an abundance of energy. Of all foods that do furnish plenty of energy none are more important than dairy products and by generous use of such items as milk, buttermilk, cottage cheese and ice cream the average child is more than satisfied with his lunch.

Medical authorities have agreed that a quart of milk is none too much for a growing child. If every mother would make it most convenient for her children to have this quantity many other problems that often develop would be eliminated.

Dairy products must be processed at dairies such as the Old Reliable Dairy by pasteurization to be perfectly safe for human consumption. It is advisable for mothers to be certain the food they are offering their children is safe and this condition is met by the Old Reliable Dairy, which does not sell any dairy product that has not been properly processed.

Medical Experts To Use Penicillin In Leprosy Campaign

By ERNEST C. MARTY

BOMBAY—Leprosy experts are planning to experiment with penicillin and promin, a new discovery yet in the experimental stage, for the treatment of leprosy as soon as these drugs become available, according to Dr. N. Figueroa, superintendent of the Acworth Leper home here.

A million Indians—one out of every 400—are lepers, and one-fourth of this number have the disease in contagious form. In Bombay alone there are about 7,200 lepers.

Leprous beggars in the streets are not as dangerous as lepers who do not know of their disease or those who are prosperous and whom the public does not avoid, Dr. Figueroa said, adding that the disease, however, not nearly as contagious as is generally supposed. Close and prolonged contact with a leper is necessary before infection.

Many Drugs Fail

"We have tried many new drugs on lepers, including sulfathiazole, plague vaccine, and anti-rabic vaccine, with little success," the physician said. "The main drug used at present is hydnicarpus oil, an improvement on Chaulmoogra oil, which is injected into the skin."

The next item on our program is to try penicillin and promin, which are not now available for experiments—promin is not yet available at all as it has not yet progressed beyond experimental stages itself," Dr. Figueroa said.

He added that "although there is no known cure for leprosy we have evolved a system of treatment which improves all cases and arrests the disease in the early stages."

As accommodation for lepers in India is limited to 14,000, plans have been made for expansion. Dr. Figueroa said that he had submitted a scheme to the government for the segregation of lepers in an agricultural colony outside Bombay, capable of accommodating 10,000 patients; in the meantime the Acworth leprosarium is overcrowded. There were 436 patients in a hospital meant for only 390.

Wilkinson Rounds Up Wild Chickens On Tinian Isle

313 BOMB WING B29 BASE, Tinian — While fliers of the 313th Bombardment Wing on Tinian were blasting the Japanese homeland, S. Sgt. Ralph E. Wilkinson, Washingtonville, Ohio, a mess sergeant with this 20th Air Force unit, spent his extra moments rounding up wild chickens left behind by the Nip troops who had died defending or retreating from, the island of Tinian.

Sgt. Wilkinson said, "I started with two chickens, and now I have so many I've lost count."

The chickens supplement the ration of fresh eggs, and according to the enterprising mess sergeant, the chickens will serve another purpose when orders are issued sending the 313th back to the United States.

THE OHIO BELL TELEPHONE COMPANY

They have a BIG PART in our Postwar Plans

When the boys and girls who left us to fight our enemies come swinging down the gangplank, there will be a warm welcome waiting here at the telephone company and a real opportunity at their old or better jobs.

For three years all of our manufacturing facilities and materials have gone into production of communications equipment for war. Telephone expansion at home has been limited in most cases to that essential for the war effort. As a result, we have exhausted all our reserves and orders for telephone service have piled up.

Now we have a big job expanding our plant to catch up with present demands for service and to improve it for the future. We need more of everything—buildings, switchboards, dial apparatus, cables and telephones. We also need the skill and enthusiasm of our returning service men and women to make, install and operate this equipment.

Our postwar plans are going ahead rapidly and we are ready for the return of those who fought so valiantly. We're counting heavily on their help in our objective of continuing to furnish the most and best telephone service in the world.

Ellen Catlos, James Garrett Married Here

Miss Ellen M. Catlos, daughter of the late Mr. and Mrs. Michael Catlos, became the bride of James R. Garrett, son of Mr. and Mrs. J. R. Garrett of Canton, at 12:30 p. m. Sunday in the Methodist church with Dr. James A. Scott, the pastor, hearing the exchange of vows.

The charming bride wore a street length dress of aqua with black accessories and a shoulder corsage of white gardenias. The pearl necklace she wore was a gift from the groom.

Miss Millie Catlos and Corp. Martin R. Catlos, sister and brother of the bride, were the attendants. Corp. Catlos, who is stationed in Alaska, is home on furlough.

Miss Catlos was costumed in a grey dress with black accessories. Her corsage was of red rose-buds.

The wedding dinner for the bride and groom was held at the home of Mrs. Betty Catlos. A wedding cake centered the bride's table. The dinner was served by Mrs. Merle Burt and Mrs. Mary Catlos. During this period a call was received from Apprentice Seaman Lewis John Catlos of Sampson, N. Y., brother of the bride, congratulating the couple.

Mrs. Garrett is a graduate of Salem High school in the class of '40.

Mr. Garrett, who was recently discharged from the navy, is employed by the Hercules Motor Co. of Canton.

After a short trip Mr. and Mrs. Garrett will live at 1217 Arlond ave., N. W., Canton.

Fur Armor

Fur shields to make cloth coats weather-defying as well as decorative are a style idea borrowed from the ancient knights for fall and winter fashions. Carrying out this medieval motif is the midriff coat of creamy beige woolen shown above, designed by Morris Kraus, with a fur shield of beaver set plastron-fashion on to a collarless bodice.

Second division (Handicaps over 11)—First, Emmy Smith, 89-20-69, 170 drive off 18th; second, Dr. Fred Crowe, 84-12-72, three feet from No. 18 cup; third, Dr. Maurice Sandrock, 90-10-74, three inches from No. 17 cup; fourth, E. M. Stephenson, 89-12-77, 40 yards short of 17 green.

Cubs Better Reds

CHICAGO—Ability to beat Cincinnati has kept the Chicago Cubs within striking distance of the top in the National league race this year. Chicago has won eight, lost none to the Reds during the 1945 campaign.

Billy Conn Discovers Truth of Adage, "Never Give Sucker An Even Break"

BY HARRY GRAYSON

NEW YORK—At long last Billy Conn has learned the wisdom of the adage which warns "never give a sucker an even break."

During his three and a half years in the service, Conn has boxed 325 exhibitions. In a dispatch from Nurnberg, Germany, Conn was quoted as saying: "My bouts were called exhibitions, but half the guys I met tried to knock my brains out. A Mexican named Costello Caruso almost turned the trick at Rheims when he landed a punch on my jaw immediately after we shook hands. I was out on my feet for a couple of seconds and when I recovered I knocked him stiff."

Other Examples

There have been numerous occasions when top-notch fighters were victims of their own carelessness against so-called "suckers." On Aug. 18, 1889, Kid McCoy, one of the trickiest fighters that ever lived, picked a "soft mark" in Jim (Jack) McCormick in Chicago. Almost before the sound of the opening gong ceased to echo, McCormick clouted McCoy on the button and knocked him stiffer than Luis Firpo's celluloid collar. Six weeks later the vengeful McCoy viciously cut McCormick to ribbons for eight rounds in a return bout at New York, carefully refraining from knocking him out.

JACK MUNROE, of the Canadian Mounties, burst into fame fast by dropping champion James J. Jeffries in a four-round exhibition in Butte, Mont., Dec. 19, 1903. Re-matched on the strength of this faux pas, Jeffries all but annihilated Munroe, knocking him out in two rounds at San Francisco, Aug. 26, 1904.

George Chip, middleweight champion, was looking for an easy mark for a tune-up bout in Brooklyn, April 7, 1914. The promoter picked Ay McCoy, a southpaw, as the lamb to be led to the slaughter. But the lamb unexpectedly exploded a roundhouse left on Chip's chin first crack out of the box, and in a few seconds had become the "cheese champion" of the world. In two subsequent fights, Chip bat-

TRIBE'S WANING PENNANT CHANCE GROWS SLIMMER

Double Defeat by Champs Makes Seven Games To The Top

(By Associated Press)

CLEVELAND, Sept. 4.—Their feeble pennant hopes crushed, the Cleveland Indians headed east today in a final all-out effort to land a first division berth.

The Tribe suffered a staggering double loss 6 to 3 and 5 to 4 to the defending American league champion St. Louis Browns yesterday in a flurry of errors that tumbled the Indians seven games out of first place and two and one-half behind the fourth-ranking New York Yankees.

The Redskins gained a temporary 2 to 1 lead in the opener on a triple by Les Fleming, Jeff Heath's walk and singles by Dutch Meyer and Don Ross. The Browns bounced back with three unearned runs donated by Rookie Elmer Weingartner's error in the fifth to win the game.

Smith Loses

Al Smith, relieved by Pete Center and Jack Salveson, was the loser as Bob Muncie notched his 11th victory against two defeats.

St. Louis garnered two tallies in the sixth inning of the nightcap to take a 4 to 2 lead. The Indians tied the score on a pair of doubles by Ross and Felix Mackiewicz in the seventh and a double by Pat Seery plus Meyer's one-baser in the eighth.

Steve Gromex, who replaced Mel Harder, was the loser as the Browns pushed across the winning marker in the 10th frame on two singles and a sacrifice.

Fireballers Bob Feller and Allie Reynolds will take the mound tomorrow in a doubleheader opening a five-game series with the Boston Red Sox.

Triumph 8-4 Over Alliance, Drop Hit-Packed Game 6-5

Labor day weekend was enjoyable and then disastrous for the Salem Athletics, as they extended their winning streak to nine straight over the Alliance Athletic club, 8-4, at Centennial park Sunday and then had it stopped cold, 6-5, by the Niles Republic Steelers at Waddell park in Niles yesterday.

At Centennial

At Centennial Sunday, before one of the season's largest crowds, the A. C. triumphed in a thrilling five run comeback in the fifth frame, after the Negro squad had led 4-0 behind the no-hit hurling of Jesse Hollis during the first four innings.

Joe Hrovatic was the winning hurler, holding the pep-laden Athletic club to seven hits and four runs after a bad first frame.

Hollis started off with a flourish, keeping Salem hitless in the first four frames but cracking in the fifth, when five singles tallied five markers for the Salemites and pushed them to the front 5-4.

Steve Cibula smashed out a two-run single in the fifth and added a three-bagger for himself in the seventh when three more Salem runs crossed the plate.

Alliance was completely bottled after the fourth frame. Hrovatic allowed three singles in the first two markers and another crossed the plate in the fourth. A single run in the fifth came as a result of a walk and a pair of one basers.

SPORT CHATTER

BY RUGH FULLERTON, JR.

NEW YORK, Sept. 4.—Does anybody remember baseball's July Fourth tradition?... Here it is past Labor day and nobody knows for sure how those major league pennant races will come out, what with the Tigers and Browns starting an Eastern swing, where they may be waylaid by the Yankees and Senators within the next few days, and five Cubs-Cards tussles coming up later.

Trainer Whitey Bimstein insists that Rocky Graziano eats only one meal a day—all day long.

SHORT OF PERFECTION

Hooks Mylin, new civilian football coach at Camp Lee, Va, took one look at his new Army setup and wrote: "This is the spot for me. No alumni, no co-eds, no late classes; there are 35,000 men and all of them paid-by Uncle Sam."

What Hooks forgot to add was—no ticket sales, either.

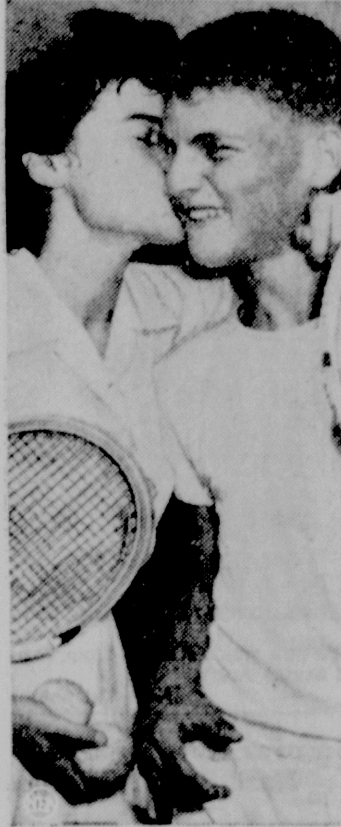

ONE MINUTE SPORTS PAGE

Football tip: The U. of Miami (Florida) has a 50-man squad with about half of it composed of war veterans.... Marine Lieut. Bob Pierce, former Marquette U. basketball player, suffered a broken leg when he chased a volleyball off a 30-foot cliff somewhere in the Pacific. Who said those Marines are tough?.... Sherm Lollar, Baltimore's clouting catcher who'll go with the Indians next season, became Oriole property because the club bought a pitcher who wouldn't report.... Two years ago Stanley West, purchased from Augusta, Ga., decided to stick to a war job and to square himself with Baltimore he recommended Lollar, his battery mate on a Kansas semi-pro team.

OPPORTUNITY NOW FOR THUNDERING NEW YORK YANKS

Play At Home Most of Season's Final Frays And Going Strong

(By JACK HAND)

Opportunity is thundering on the Yankees' front door today as Detroit drags its two-game lead into the Bronx for a seven-tilt set with Joe McCarthy's revived contenders. With the third baseball milestone, Labor day, now a matter of record, the Tigers face the discouraging prospect of carrying their pennant drive into somebody else's back yard. Be it New York, Washington, St. Louis, Cleveland or some other enemy park, the Bengals' schedule calls for 28 more games and only four at home.

While Detroit tours the country, New York will be playing 26 of its remaining 29 contests in its friendly stadium.

Ever since Charley Keller rejoined the Yanks they have found the old park, recovering from a dizzy nine-game losing slump to top 15 lengths of the top.

The Tigers picked up a full game yesterday by squeezing past Chicago twice by an identical 6-5 score. Tommy Bridges, making his first appearance since 1943 after his discharge from the Army, received credit for the first game with the relief help of George Caster. Jim Tobin clinched the second with a two-run homer and an effective job of pitching after the Sox had chased Al Benton with four runs in the opening inning.

Washington lost ground in its two-month chase of the leaders, by dropping the second of a holiday double to Boston, 8-4, under the spell of Vic Johnson after knocking out Dave (Boo) Ferriss in an 11-5 opening romp.

Keller Helps

Charley Keller, Nick Etten and George Starnweiss unloaded a barrage of extra base hits on Philadelphia as the Yanks swept two, 4-1 and 7-6 in 11 innings. St. Louis whipped Cleveland twice, 6-3 and 5-4 in 10 frames to further complicate the Tribe's difficult uphill struggle. Heading east for 19 games they trail by seven. Bob Muncie, leading pitcher, earned his 11th in the first and Rookie Al Lamachia of Toledo took the nightcap on relief. The Browns are only 3 1/2 lengths back of Detroit.

Chicago beat the Cincinnati Reds for the 19th time in 20 starts, 7-2 and 7-1 before 43,161. Paul Deringer coated home in the opener. Andy Pafko unloaded a grand slam homer and Hy Vandenberg saved the second when he came to the rescue of Hank Wyse in the opening session.

Pittsburgh dropped St. Louis a double dose of disappointment, 6-5 and 6-2. The New York Giants hit the million mark in home attendance for the first time (1,008,750 paid) when they knocked off the Phillies, 3-2 and 9-0, on a pair of neat pitching jobs by Harry Feldman and Sam Maglie.

Brooklyn Dodgers took two from Boston, 4-0 and 4-3. Lefty Tom

Playoffs Set For Today!

Joe Kelley Calls All Four Teams Now Tied For Third Round Title To Centennial Park To Begin Title Clashes at 6 P. M. Today and Thursday

Quick settlement of the four-way tie in Class A softball loomed today as League Manager Joe Kelley called all four teams, Leetonia, Recreation, Sinclair and the Salem China, to Centennial park for two ball games tonight.

Kelley, anxious to settle this round so that further playoffs can be gotten under way if necessary, has called the three Salem teams to the park at 5:45 p. m. to make drawings for the two-game playoff. The two Salem teams who pick the first game will play at once and the remaining game, between Leetonia and the third Salem team, will go at 7 p. m. today.

The two winners will meet in a third round title fray at 6:30 p. m. Thursday. Should anyone but Sinclair win the third round, another round robin between Sinclair, Mullins and the third round champions would be needed before the championship battle under the lights.

YESTERDAY'S STARS

NICK ETTEN and CHARLEY KELLER, Yankees—Etten's double with bases loaded broke a tie for the New York 4-1 verdict in the opener; Keller thumped the Athletics' pitching for a double, triple and homer in the 7-6 finale, driving home the winning run in the 10th.

FRANK MANCUSO, Browns—Mancuso's 10th inning single downed Cleveland, 5-4 in the finale.

TOMMY BRIDGES and JIM TOBIN, Tigers—Bridges won his first start since receiving his Army discharge, 6-5; Tobin's homer helped the leaders hand Chicago a second 6-1 defeat, 6-5 beating.

ANDY PAFKO, Cubs—Pafko's grand slam homer started Chicago to a 7-2 romp in the opener.

BILL SALKELD, Pirates—Salkeld hit two round trippers in a 6-5 shade of the Cardinals.

TOM SEATS and LUIS OLMO, Dodgers—Seats blanked the Braves in the first game, 4-0, and received credit for the second, 4-3, on relief. Olmo's single in the 10th broke up the finale.

HARRY FELDMAN and SAM MAGLIE, Giants—Feldman held the Phils to four hits, 3-2; Maglie shut out the cellarites, 9-0.

Seats went all the way in the first tilt and received credit for the finale on a 10th inning relief chore.

ECONOMIST CITES BIG BOOM AHEAD

WASHINGTON, Sept. 4.—An economist for the United States Chamber of Commerce predicted today that "a great boom is pending."

Dr. Emerson Schmidt, director of the chamber's economic research department, delivered this forecast to the senate finance committee in testifying against legislation to use federal funds to supplement state unemployment compensation benefits.

The basis for the boom, Schmidt said, exists in an unprecedented stored-up purchasing power. He said American business and individuals owned \$194,000,000,000 in liquid assets last December, as compared with \$66,000,000,000 in 1939.

"Whether we look at the side of deferred consumers' demand for producers' goods and equipment, or at the picture portrayed by the money liquidity position of American business and individuals, we cannot help but conclude that a great boom is pending," he said.

"I am not predicting its indefinite continuation," he added, "although I think it will continue for several years. Unwise reconversion and labor policies could do much to retard it."

Schmidt opposed a proposal to use federal funds to raise jobless payments to a nationwide maximum of \$25 a week for 26 weeks. State payments now range from \$15 to \$28 a week, for durations varying from 14 to 20 and 22 weeks.

TREASURY RECEIPTS

WASHINGTON, Sept. 4.—The position of the Treasury August 30: Receipts, \$50,319,760.58; expenditures, \$294,422,199.39; balance, \$18,749,378,830.20; receipts fiscal year (July 1), \$5,639,744,671.69; expenditures fiscal year, \$15,929,982,049.45; excess of expenditures, \$10,290,137,178.16; total debt, \$263,333,926,735.11; increase over previous day, \$31,713,407.40.

UPSWING CONTINUES

NEW YORK, Sept. 4.—The stock market's upswing continued in spots today but exceptions were plentiful. Plus signs were well in the majority at a fairly active opening. Light selling then appeared and volume tapered appreciably. Near the fourth hour irregularity was the rule.

Customers returned from their lengthy holiday with little change in their buying ideas. These were based mainly on the urge to get idle funds working and the thought that peacetime prosperity was better than a probability.

Higher by fractions most of the time were U. S. Steel, Bethlehem, General Motors, Public Service of N. J., Santa Fe, N. Y. Central, Pullman, Pepsi-Cola, DuPont, Sears Roebuck and Allied Chemical.

Laggards included Youngstown Sheet, U. S. Rubber, Great Northern, Texas Co., Westinghouse, J. C. Penney, Anconda and Johns-Manville.

Bonds were narrow and commodities mixed.

OBITUARY

MARGARET ZIMMERMAN

Mrs. Margaret Zimmerman, 77, died at 2:50 p. m. Saturday in Youngstown hospital as the result of a stroke which she suffered several months ago. She made her home with a daughter, Mrs. Glenn N. Bowman, in Youngstown.

A daughter of Andrew and Caroline Stahl Reichstadt, she was born in Greenford, Dec. 4, 1867, and had lived in Youngstown since 1917. Her husband, Vernon V. Zimmerman, died in 1938.

She was a member of St. Luke's Lutheran church of Youngstown and the Pythian lodge of Greenford.

Besides her daughter, she leaves two sisters, Mrs. C. N. Stout of Hamilton, Canada, and Mrs. I. N. Weikart of Youngstown; and a brother, J. R. Reichstadt of Greenford.

LEETONIA, Sept. 4.—The fifteenth reunion of the Class of 1918 of Leetonia High school was held at St. Paul's Lutheran church Saturday evening with Misses Ruth Deringer and Gussie Ginther as associate hostesses. A chicken dinner was served at 6:30 p. m. by members of the Brillhart Missionary society.

W. Gerald Shontz of Wilkinsburg, Pa., and Mrs. William Atkinson were reelected president and secretary.

Out of town guests were: Mr. and Mrs. W. G. Shontz, Wilkinsburg, Pa.; Dr. and Mrs. W. C. Schoren and family of Parma; Mrs. John Echlinman, Youngstown.

WORLD CONFIDENCE IS HIROHITO'S AIM

TOKYO, Sept. 4.—Emperor Hirohito urged the Japanese people to "win the confidence of the world" and commanded them to obey the nation's commitments in an imperial rescript opening the 88th extraordinary session of the diet today.

The emperor personally opened the two-day parliamentary session by reading the sober, comprehensive rescript to a plenary gathering in the ornate house of peers.

It was the emperor's first public appearance since he startled the nation with his surrender announcement of Aug. 15.

A Dome news agency dispatch, broadcast by Tokyo, reported that the house of peers quickly acted to acknowledge the "reality" of defeat and the need to embark on a "new course of national re-building." It adopted a resolution to this effect.

The emperor said he commanded the reports to be made tomorrow by state ministers on the causes of defeat.

Sharp criticism of the former Tojo government for deluding the people into thinking they could win the war was heard in the house of peers during a half hour afternoon session.

Plants develop faster when they aren't feeling well, according to experiments by experts.

A "Scratching" Dog Is in Torment

Thousands of dog owners have found this good way to keep their pets from constant scratching, biting, rubbing, and digging. Once a week give them a dose of **ERB-HELP**. These powders usually help to bring prompt ease from an intense itching irritation that has entered in the nerve endings of the dog's skin. The urge to scratch shakes—the dog is happier, more contented. No wonder a purchaser writes: "ERB-HELP! My dog has given my dog great relief. Many thanks from 'Chink' and self." Why not try them on your own scratching dog? 2¢ at any good drug store, pet or sport shop. (Economy size box only \$1.50).

Important: Continued diarrhea—rectal itching. When your dog shows such symptoms, suspect and look for Worms. ERB-HELP Dependable Worm Castables (No. 1 for small dogs; No. 2 for large dogs) give immediate results.
